Dear Paul,

By my signature on the certification page, the transcript I sent you is certified as an electronically recorded transcript transcribed to the best of my ability from the electronic recording. Since this transcript was not done by me live in the courtroom at the time of the proceeding, the fact that I'm a certified shorthand reporter or my license number, does not need to be included on the certification page. It is still considered certified by me as transcribing the transcript from the electronic recording.

I realize that many reporters do include their CSR license on the electronically recorded transcripts, but the license number is actually not necessary to be included on these types of transcripts. If you look back on the transcripts I emailed you in January, you will see the same setup for the certification page.

I know this might be a confusing issue. If you have any further questions, please don't hesitate to reach out.

Sincerely,

Heather Hartwig

Dear Heather Hartwig,

I noticed your CSR license number is missing from the certification page.

Please take whatever steps are legally necessary to amend and affix a new certification page with your license number and signature.

Thank You,
Paul

Dear Paul,

I am attaching to this email your 12/7/21 transcript you requested.

I also will sending you a small refund back onto the card you used to pay the PayPal invoice, as the transcript was a little shorter than I had estimated.

Have a nice weekend.

Sincerely,

Heather Hartwig
