Dear Mr Talarico,

Per our discussion on Sunday regarding the county case file on the Tilschner case and what it showed.

I was doing some thinking and wish I had access to the same documents you read parts of to me over the phone.

Any chance you downloaded those documents and can forward them to me?

Or

Is it easier if I purchase the case file directly from the Clerk?

I'll give you a hint at what I am comparing; Mast's description to me about the Tilschner case in his office and the reality of the Tilschner case seem to be quite different.

Example: Mast never told me:

1. Tilschner had a 3 count complaint.
2. Only Count 2 was based on a 318 argument which was challenged and later was ruled on by the appellate court.
3. That the unchallenged Count 1 was voluntarily dismissed by the Popovich firm before the appeal for Count 2 was appealed or ruled on.
4. That there was a remaining count that was later resolved and dismissed without prejudice. (Without prejudice seems particularly odd)

Seems to me that Mast was not giving me the complete picture when he used the Tilschner case as his legal reasoning on the McGuire's liability in his office.

I'd like to read the local Tilschner case file for myself.

Please let me know if you already have the Tilschner case and can forward it to me or if I should just buy a copy from the clerk.

Thank you and I hope your shoulder is feeling better soon,
Paul
