Dear Mr Talarico,

I was not able to hear the last proceeding so this is a reminder to politely correct the record and remind the court that I have not lost my right to attend and LISTEN to the proceeding.

REPORT OF PROCEEDINGS - November 4, 2022

Page 2

Lines 18-19 THE COURT: Okay. And for the record, we have Mr. Dulberg on screen.

"on screen" is true, I could watch but it implies that I could also hear what was being said when I could not.

Watching ones own court proceeding live like it's a silent movie is not attending, particularly a proceeding as important as the last one.

Muting my ability to hear what is said during the proceeding is a childish action by the court and obviously aimed at punishing me without an actual finding of contempt, costing me money for the transcripts and a delay of weeks to prepare and reply because I have to wait for the court reporter to produce the transcript.

If the Judge goes into his contempt accusations about violating the local standing order on recordings again, you are authorized by me to tell him in a kind and courteous way to charge me with contempt or stop making the accusations.

I believe continuous ongoing accusations of this nature with no contempt action is harassment by the judge and I do consider it a court proceeding under duress due to continuous ongoing threats of fines or imprisonment without any actual charge or finding of contempt.

Since there has been more than a few issues with this courts transcripts in this case and its underlying case, corrected by both parties (examples; George Floyd, A VOICE, ATTORNEY 1, ATTORNEY 2, etc...), perhaps a request for a court ordered exception on recordings be made for all proceedings only in this case would seem to be appropriate so both parties may check the record for accuracy.

I believe both Parties and a non-paranoid/childish court would agree that an accurate record, so this case may be determined on its merits and not erroneous reports of proceedings, is of paramount importance to any case and worth setting aside the local order on recordings for all proceedings in just this case.

How do we ensure that I can hear the court proceeding live?

Thank you,
Paul
