Good morning Tamara,

Have you found Parts 1 and Parts 2 yet?

Please forward a/s/a/p.

Thanks,

Al

Tamara,

I have just found an email string between us with the final date of July 19, 2022 @ 9:18 am beginning on July 12, 2022 stating that I cannot locate the combined report Part 1 and part 2 Erickson and Orton you mentioned and thereafter asking you to resend the report.

As of today, I cannot locate your original emailing of July 12, 2022 Part 1 combined with Part 2 nor can I find your resending it on or after July 19, 2022.

Please help!

8 parts to the case... see text below...

Al,

Here is the summary list.

I will be leaving the office for the rest of the afternoon so if you have questions, please leave me a message at:

Tam

Here is the summary:

Dulberg v Popovich et al 17 LA 377

Part 1—Erickson Signature-finished and charts made and report finished and sent

Part 2—Orton Signature-finished and charts made and report finished and sent
ONE REPORT for both signatures above

Part 3—Label #12 Missing—finished and charts made and report finished and sent.

Part 4—Barbara Smith Signature(s)—finished-- charts made. NOT sent.DO YOU
NEED A REPORT? (ALL signatures were exact duplicates of each other. Sig was an
electronic signature).

Part A—lined paper on copies did not match up in lines. No conclusion. Highly
probable due to creased paper. No report. No charts.

Part B—4 different reporter's signatures (there were 2 signatures of one person for a
total of 5 signatures) Comparison charts were made. OMNI would need 10 or more
known signatures for each person for comparison purposes. Some similarities
between signatures exist but so do differences. No conclusion. No report. No report
or charts were sent.

Part C—Blacked out pages for redacted information. No opinion on black pages as
we cannot see through the black toner on the copies.

Pink pages inserted as dividing pages into sections. Pink pages as dividers for
sections of documents are matter-of-course and is common. No opinion.

Part D—Appearance of a pattern on black pages. Appearance of a pattern is most

probably due to the cover of the copier when the copier is closed. No opinion.

Sincerely,
Tamara Keller Kaiden, B.A.
