Found:

Dulberg 001217 - Tom Kost's rough set of handwritten notes of topics discussed during meeting with Mast. - Forseeable - Duty - Neglent - restatement of torts Sect 318 not applicable in Illinois - Agent vs contractor - Level of control - Kujawa

Tilshner case not bates stamped - emailed originals to Julia in April 2019 - Forwarded to Talarico

POP 001207 - MEMORANDUM - 11/20/2013 - We have a co-defendant that is not really responsible in this case and they have offered a nominal settlement of \$5,000 in the case.

Popovich has the Signed General release and settlement agreement.  
POP 001198 - POP 001199

Still to do:

Find McGurte's Auto-Owners check for \$5,000 - Did Dulberg sign the check?

Find proof Dulberg either signed the check or was given the option/opportunity to sign the check.

Look for "power of attorney" documents, if any - does this give Popovich power to sign for Dulberg?

Check emails

Check both doc disclosures

Check Barch subpoenaed documents in Clinton folder, perhaps they have canceled check after it was processed by the bank. Can we get the actual signature on the back of the check from the bank of either Popovich's or Auto-Owners Insurance Bank.
