Subject : Barch telephone notes paper matches Gagnon exhibit 1 paper

Dear Mr Talarico,

I have attached 5 PDF's from what we talked about on the phone this morning.

2 are from Dulberg Master File\Dulberg Cicero France Barch Production Complete\Dulberg Cicero France Barch Production Emailed\Gagnon Dep Exhibit 1.pdf and Misc Telephone Conf Notes.pdf

The other 3 PDF's are single pages (4-6) pulled from Misc Telephone Conf Notes.pdf.

Pages 4-6 in Misc Telephone Conf Notes.pdf matches the paper used to create Gagnon Dep Exhibit 1.pdf.

If you print out Gagnon exhibit 1 and any of the three pages with the handwritten notes remember to adjust your printer to print at 100% and not the fit to page option, you can then align them over each other with any sort of backlighting and see they are an exact match.

Also of note, besides the paper being the same, many of the the handwritten notes themselves do not appear to be created by Mr Barch unless he often refers to himself in the 3rd person.

Thank you,
Paul
