Dear Mr Talarico,

I put in a call to Urbanski Reporting to see if they took Dr Levin's or Dr Talarico's depositions and had to leave a message but am waiting to hear back.

In the meantime please take a look at the attached PDF. It is pulled from the Dulberg Bates numbered documents.

Dr Levin's deposition took place on October 1, 2013 but the attached PDF has what I would call a business card for Angela Ingram from Vahl reporting with a date of June 2011 handwritten on it.

I found this odd and thought it's important enough that you should see it before I hear back from Urbanski Reporting.

Thank you,
Paul
