Subject : Names of unknown persons at the Popovich firm that worked on Dulberg case

Dear Mr Talarico,

Per our phone conversation this morning I did a quick look through the Popovich bates numbered documents.

We should be able to identify who these people are and what position they held at the Popovich firm since they are clearly people listed in memorandums, questions about advice and instructions to produce things are mentioned.

We should also have their files and communications on the dulberg case and we don't.
