Subject : 17LA377 Path forward

I believe these are the options but I will wait till you weigh in on what you believe is the correct path forward:

Drop the Meyer recusal bomb

Reconsideration of ruling

Appeal

File verified complaint against williams

3rd amended popovich complaint (verified) - I have a working text file that goes way beyond where you and I left off ready to send you.

Also, we now need to answer the motion for summary judgement in less than a week.
