---

The other day I emailed Baudin sr's office photos and tried to text Baudin Jr's office photos.

I don't know if you got the texts so I am resending the photos of Baudin Jr's office in email,

As you can see, Baudin Jr's office is still being renovated and doesn't look like it will be completed for some time to come.

Oh and the red car was only 1 of 2 cars in the whole complex and it was parked directly in front of Baudin's entrance. I have no idea if it has any significance.

Paul
